

Make Your Lab More Sustainable

Did you know?

If we turned all the foam racks sold each year into a 1 inch thick rope... **it could stretch across the entire state of Connecticut (about 86 miles)!**

Switching to paperboard racks with the new RackMaster is **good for your wallet and the planet!** Our paper racks are **cheaper** than foam and **100% recyclable!**

Part #	Product Description	Qty/Case
